A. True ratio = 2 ASVs/genus
Number of ASVs per genus
Number of genera
B. True ratio = 20 ASVs/genus
Number of ASVs per genus
Number of genera
C. True ratio = 3 classes/phylum
Number of classes per phylum
Number of phyla
D. True ratio = 10 classes/phylum
Number of classes per phylum
Number of phyla
Rarefaction level
