A
This study untreated data (a)
This study untreated data (b)
Witz et al. data
Si et al. data
pure adder
Slope inter-initiation adder (ζ_I)
Slope inter-division adder (ζ_G)
B
This study untreated data (a)
This study untreated data (b)
Witz et al. data
Si et al. data
Si et al. theory
ICD theory
Concurrent cycles $\zeta_H = 0$
pure adder
Slope inter-division adder (ζ_G)
Slope C+D adder (ζ_{CD})
C
This study untreated data (a)
This study untreated data (b)
Witz et al. data
Si et al. data
p_H
1/Elongation rate (h)
