

Supplementary File 6: Posterior distribution of moderators

Coupling Phase Moderator Posterior Distribution

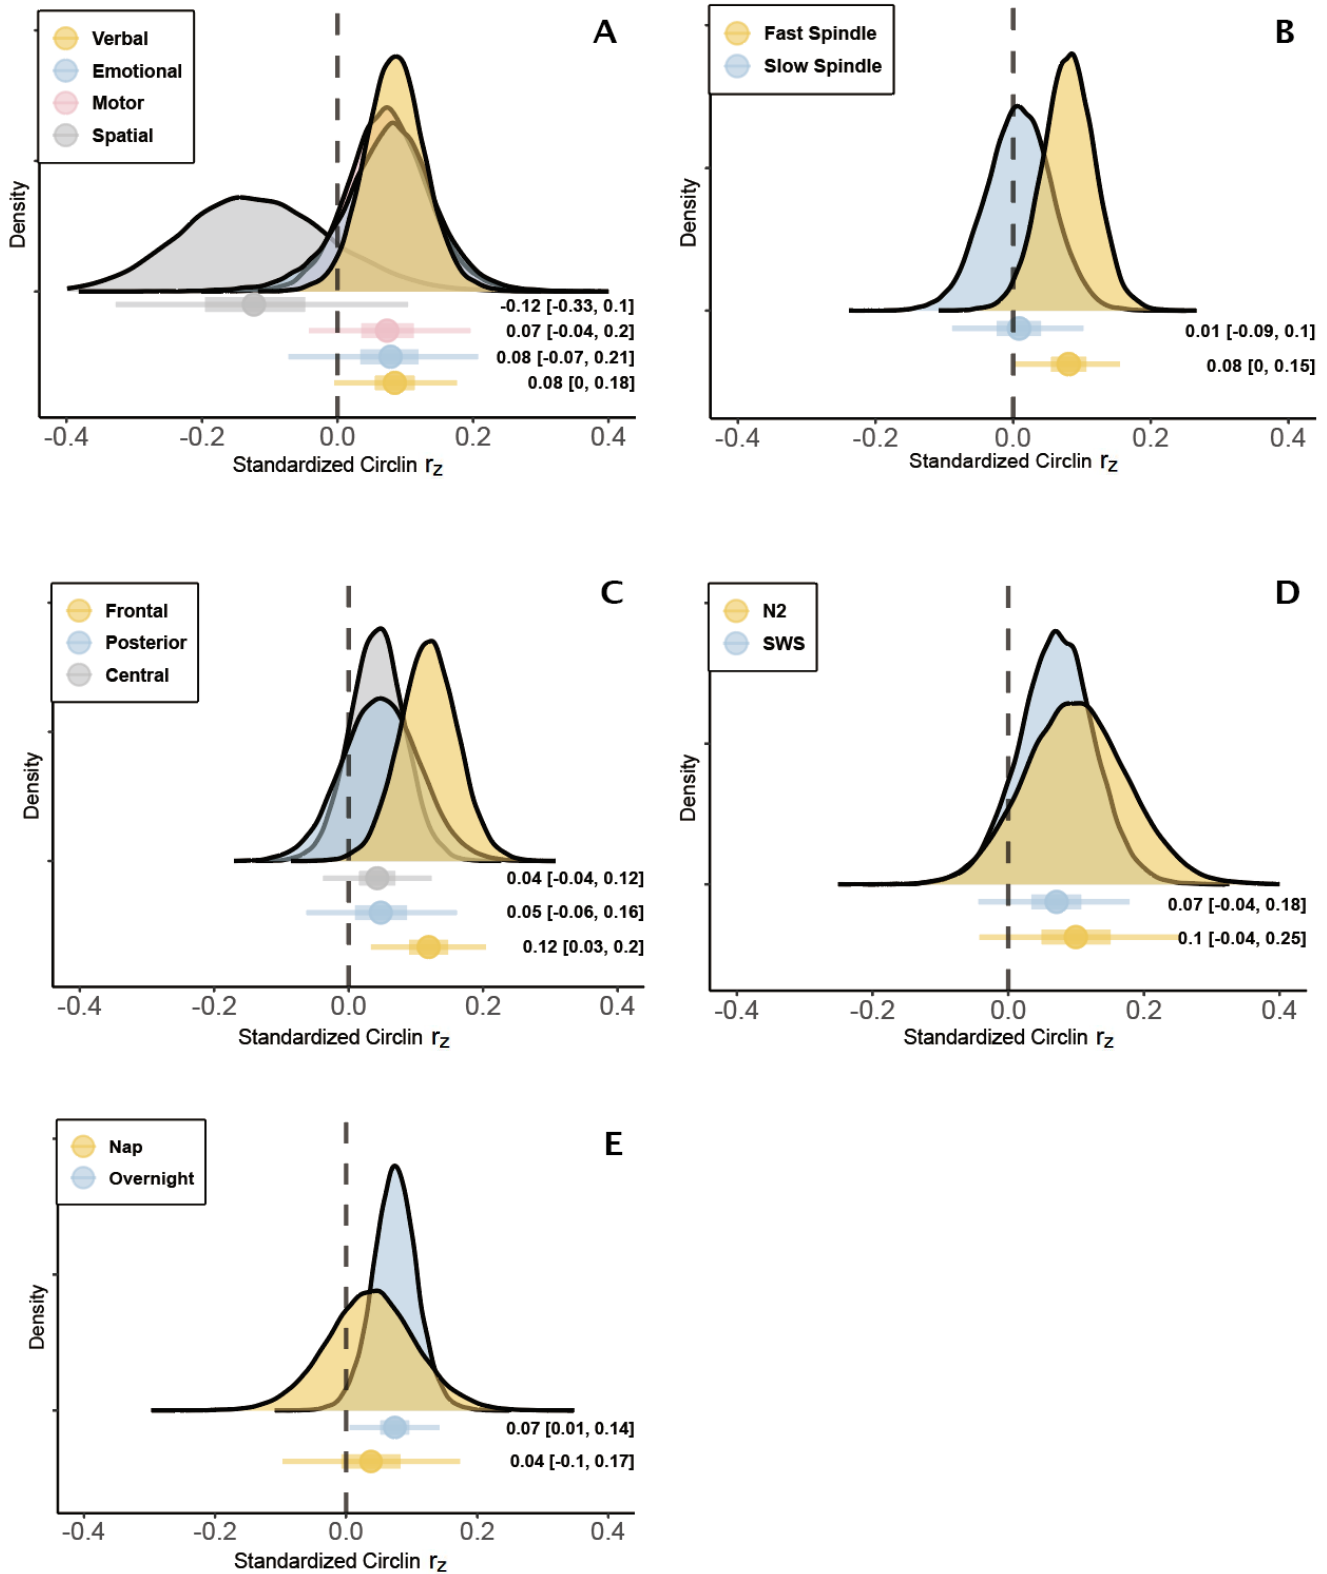

Figure 1: Posterior distributions of moderation factors of the coupling phase

SP Amplitude Moderator Posterior Distribution

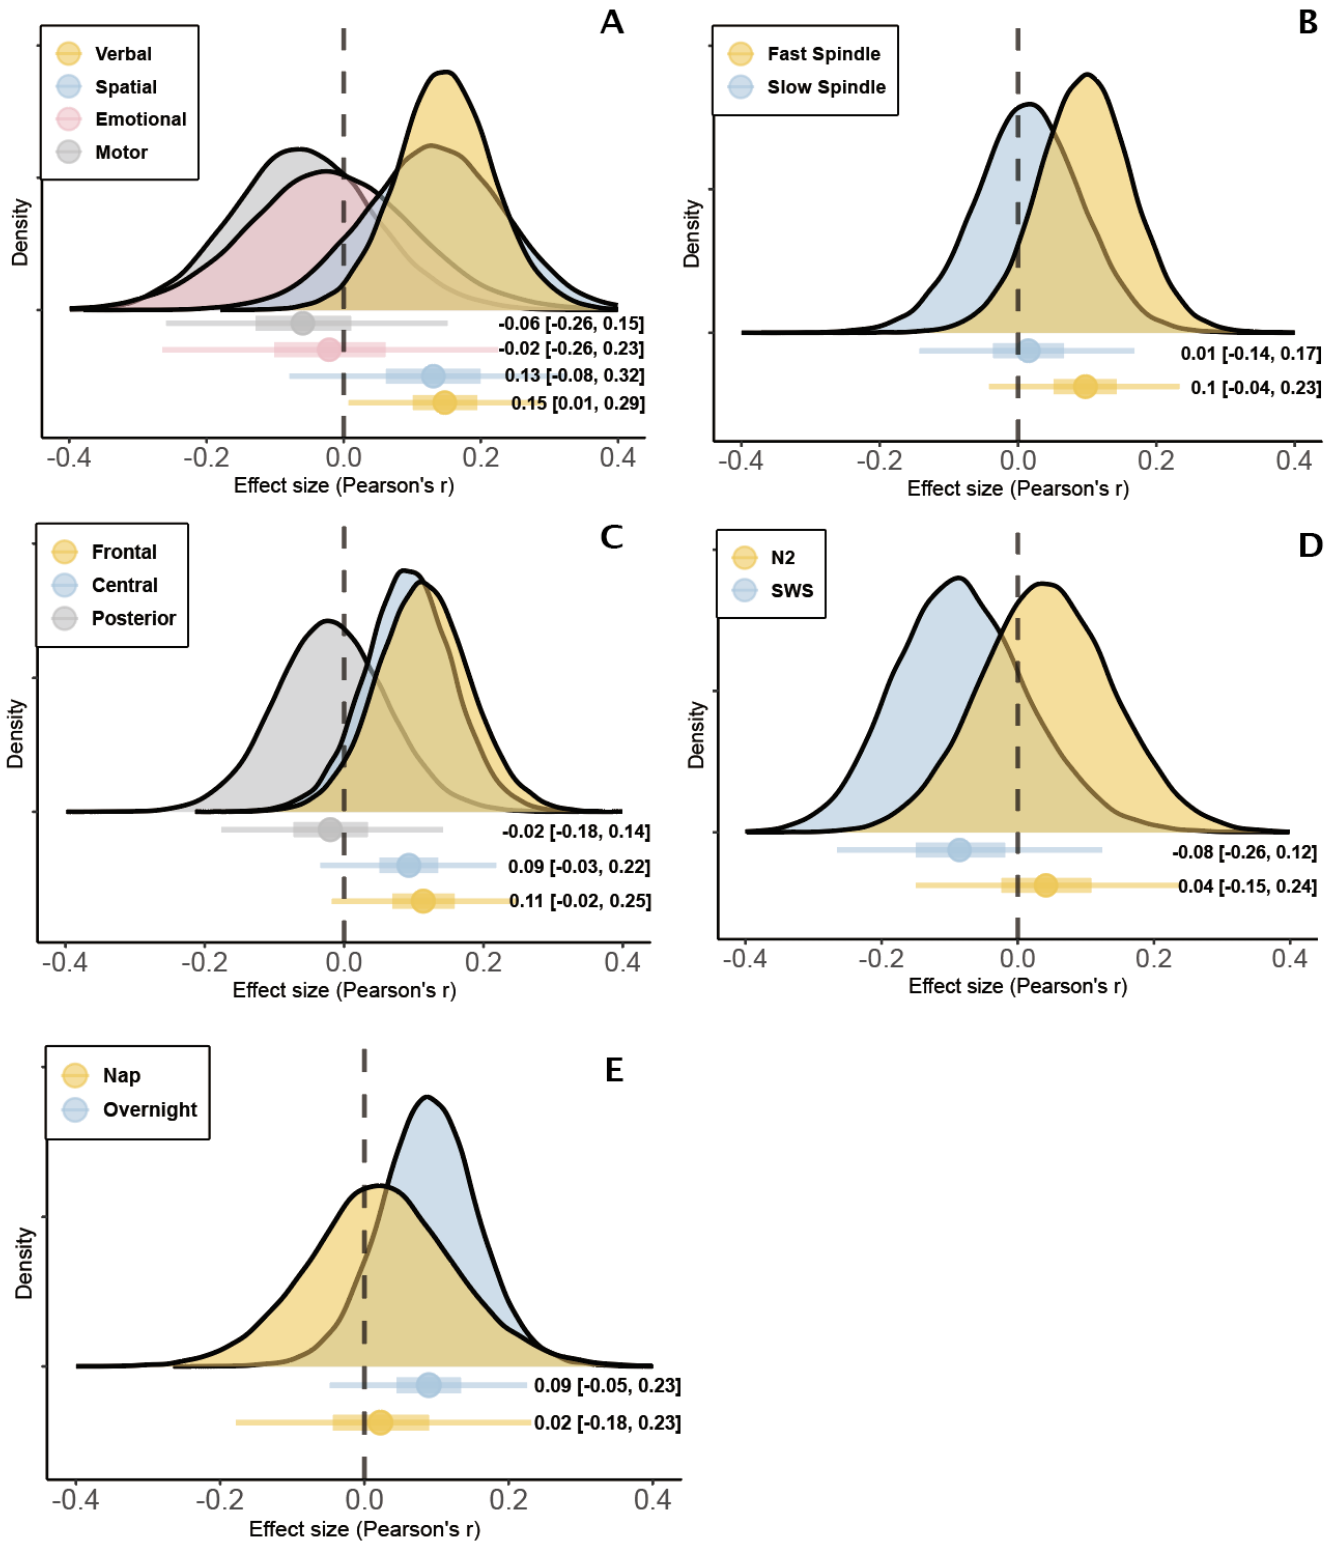

Figure 2: Posterior distributions of moderation factors of the SP amplitude

Coupling Strength Moderator Posterior Distribution

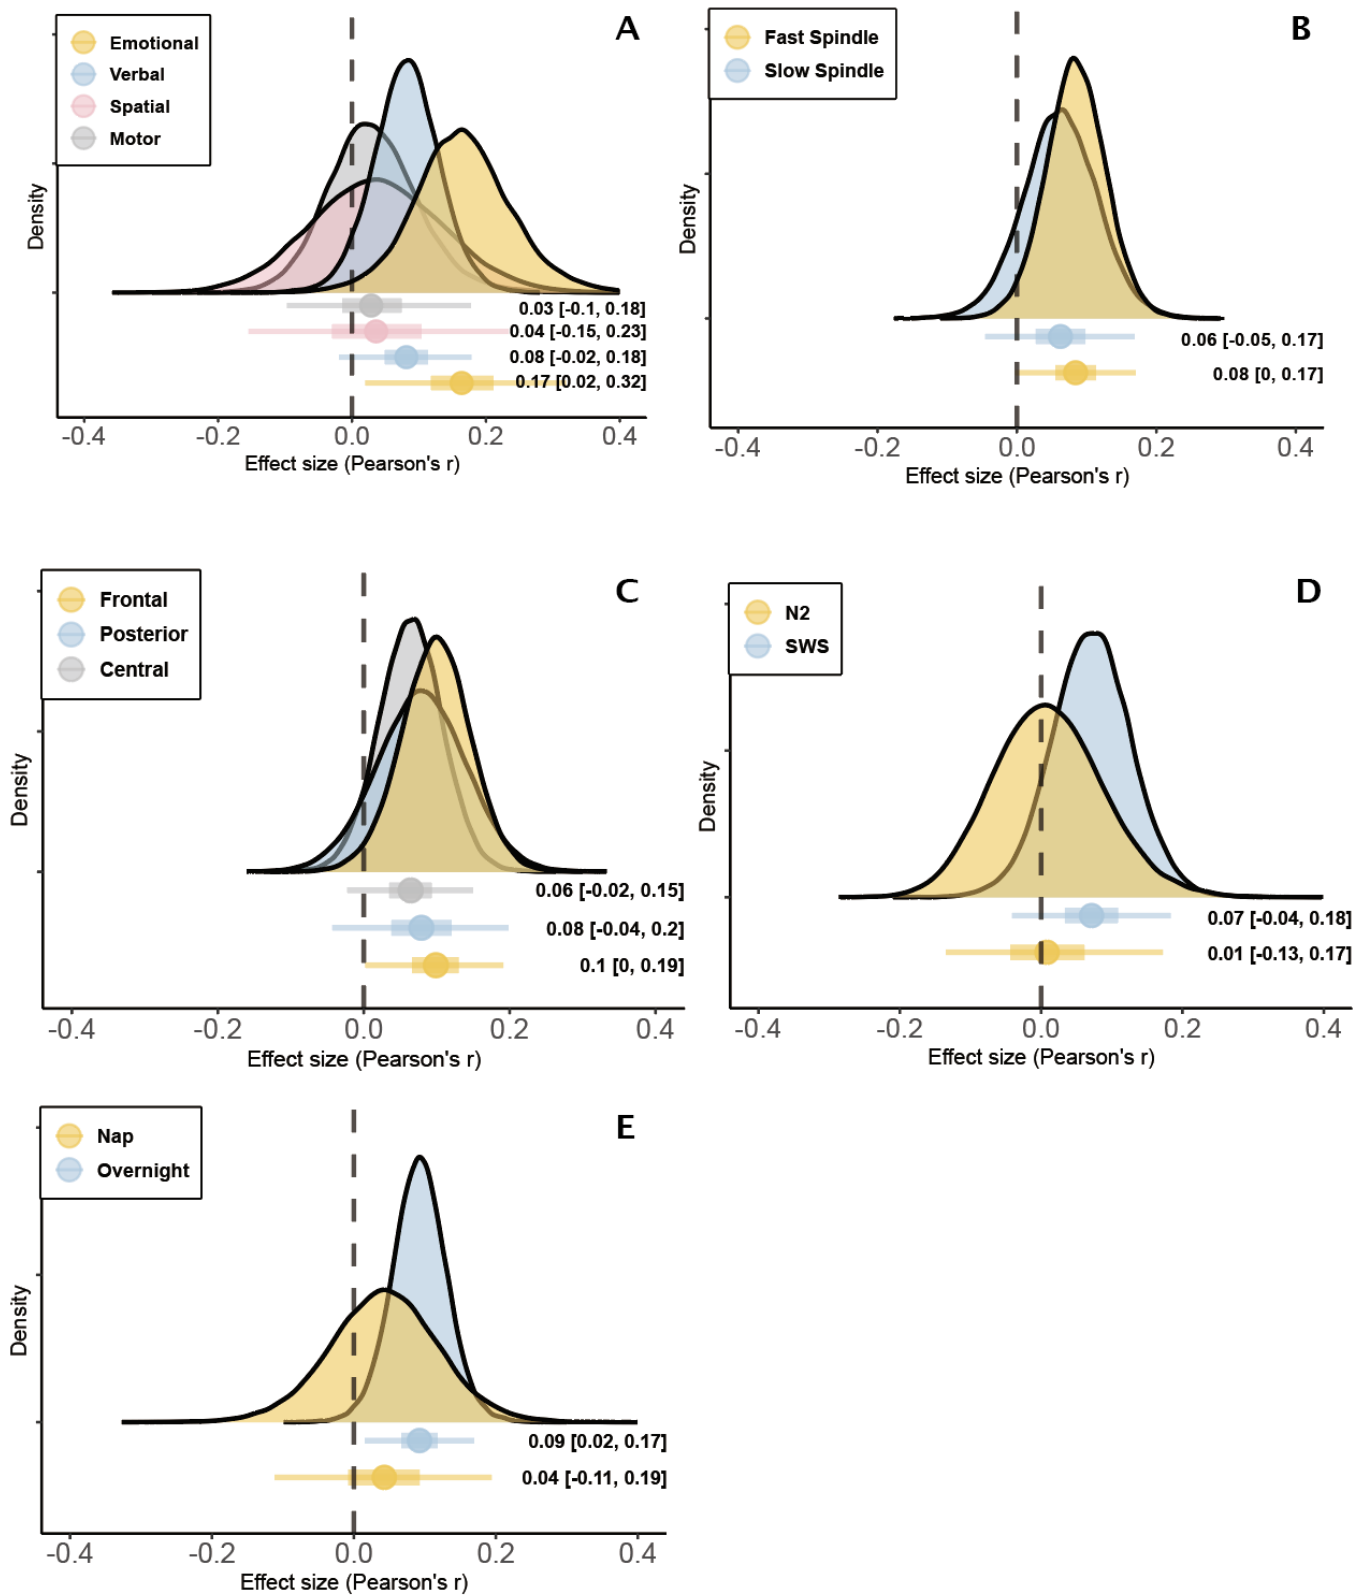

Figure 3: Posterior distributions of moderation factors of the coupling strength

Coupling Percentage Moderator Posterior Distribution

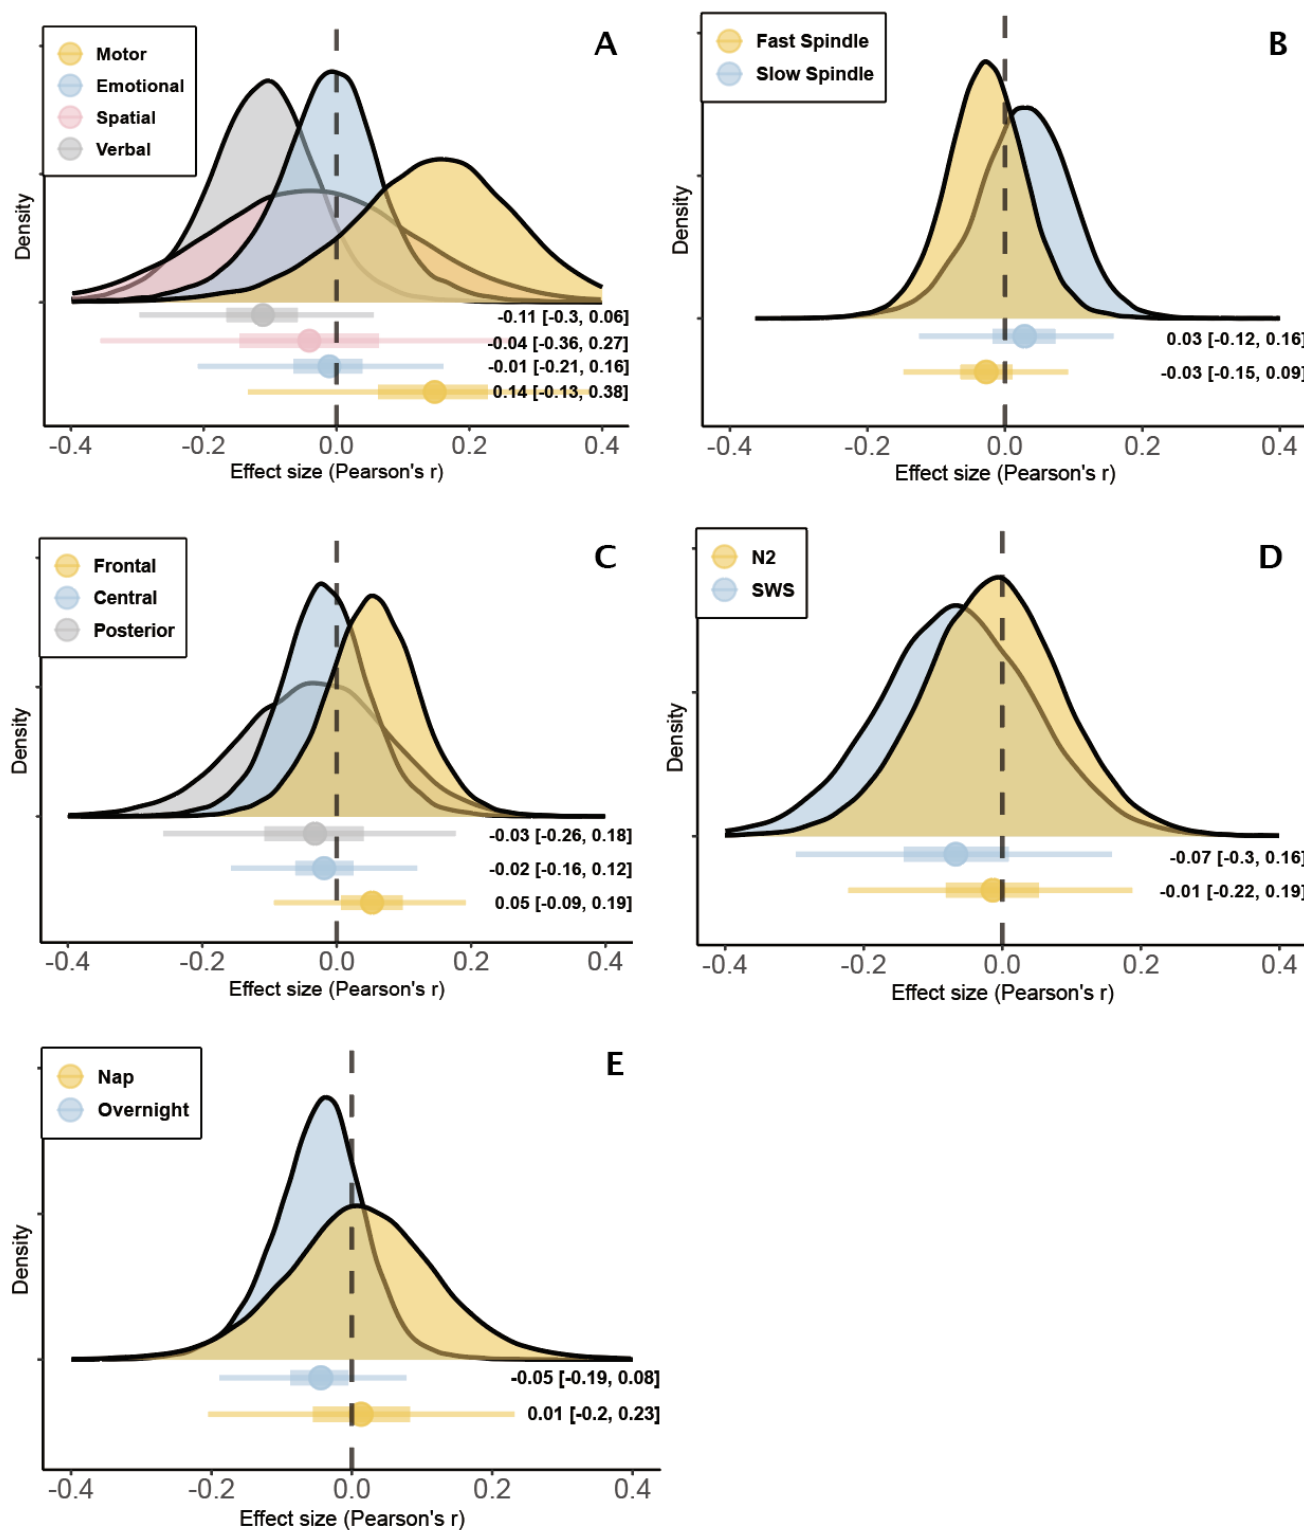

Figure 4: Posterior distributions of moderation factors of the coupling percentage

Notes. The vertical line reflects the mean correlation coefficient under the null hypothesis. Colored dots and error bars reflect the mean and 95% credible intervals of each posterior distribution.
