

**Figure 3—figure supplement 7, source data1.** Original gel corresponding to Figure 3B. Native-PAGE analysis of the migration of G4 RNAs (PQS1) and G4 mutant RNAs (PQS1m) was performed under different KCl concentrations. Lanes 1, 5, 9, RNA ladder; lanes 2, 3, 4, PQS1; lanes 6, 7, 8, PQS1m; Lanes 10, 11, 12, PQS2 (not shown in figure 3).
