The word cloud is contained within a rectangular frame with a black border. The central word is 'neuron', written in a large, bold, dark blue font. Surrounding it are numerous other words in smaller, lighter blue and teal fonts, all related to neuroscience and behavior. These include 'circuit', 'mode', 'behavior', 'activity', 'develop', 'animal', 'spatial', 'recording', 'network', 'response', 'experimental', 'computation', 'neuronal', 'interaction', 'movement', 'visual', 'connectivity', and various descriptive terms like 'cortical', 'function', 'mechanism', 'learning', 'multiple', 'summary', 'dynamic', 'sensory', 'motor', 'memory', 'imaging', 'tool', 'animal', 'spatial', 'movement', 'visual', and 'connectivity'. The words are arranged in a roughly circular pattern around the central 'neuron' word.
