

Figure 4—figure supplement 1. Western blots of lamin-1, lamin-2 and cytotardin antisera. **(A)** Western blot analysis of lamin-1 protein expression in *H. dujardini*. Anti-lamin-1 antibody stains a band of ≈ 70 kDa, as expected. **(B)** Western blot analysis of lamin-2 protein expression in *H. dujardini*. Anti-lamin-2 antibody stains a band of ≈ 72 kDa, as expected. **(C)** Western blot analysis of cytotardin protein expression in *H. dujardini*, transformed *E. coli* and transfected MCF-7 cells. Anti-cytotardin antibody stains a band of ≈ 57 kDa, as expected.
