

Figure 2-Figure Supplement 6

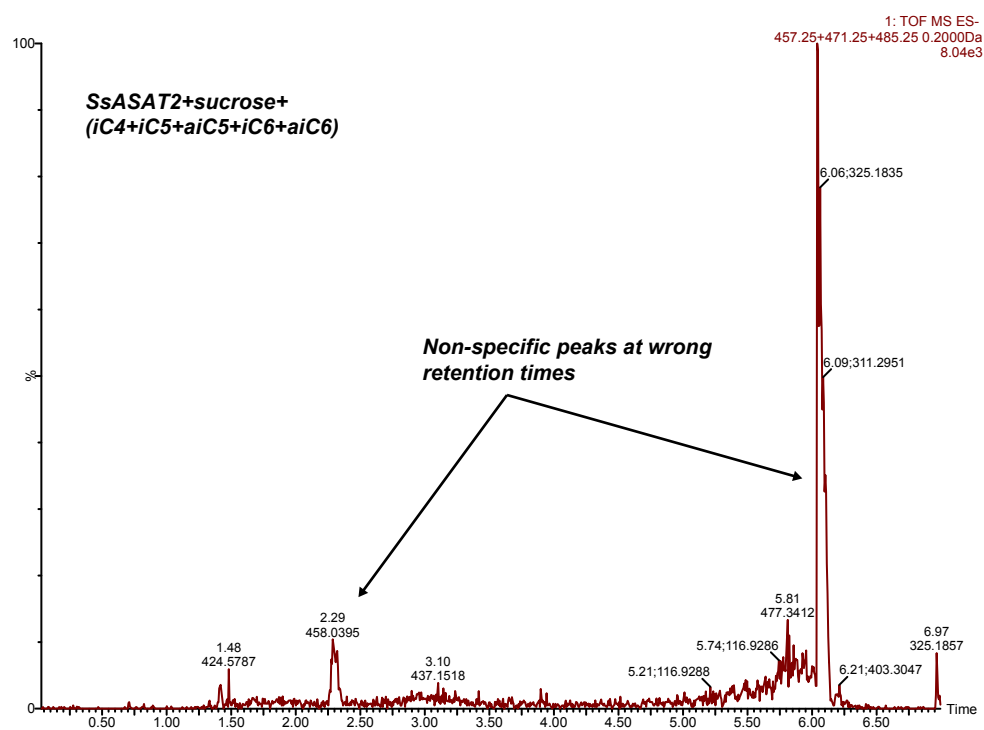

Figure 2-Figure Supplement 6: SsASAT2 does not acylate sucrose. Extracted ion chromatogram of masses corresponding to S1:4(4), S1:5(5) and S1:6(6). No peaks corresponding to these products are seen. Additional reactions with individual CoAs -- aiC6 CoA and nC12 CoA -- are shown in Figure 7-Figure Supplement 1.
