Patient ID = P01A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
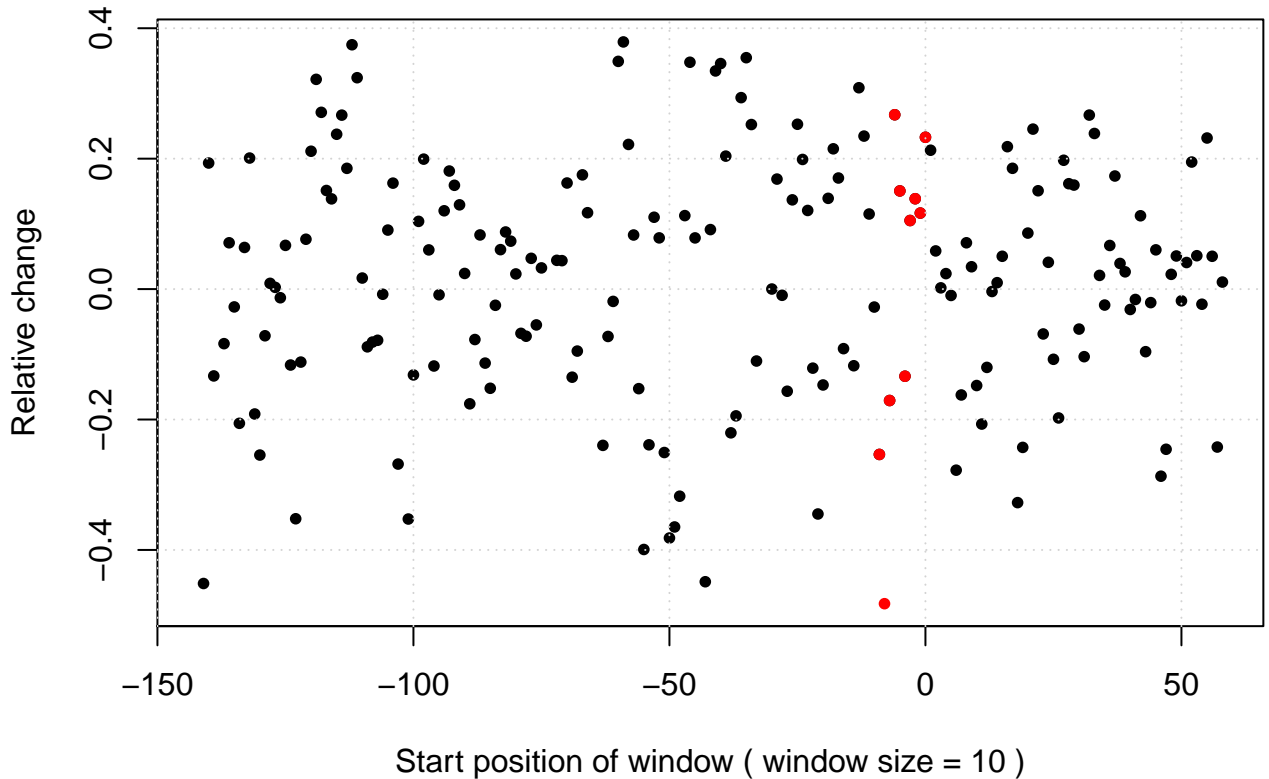

Patient ID = P02A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
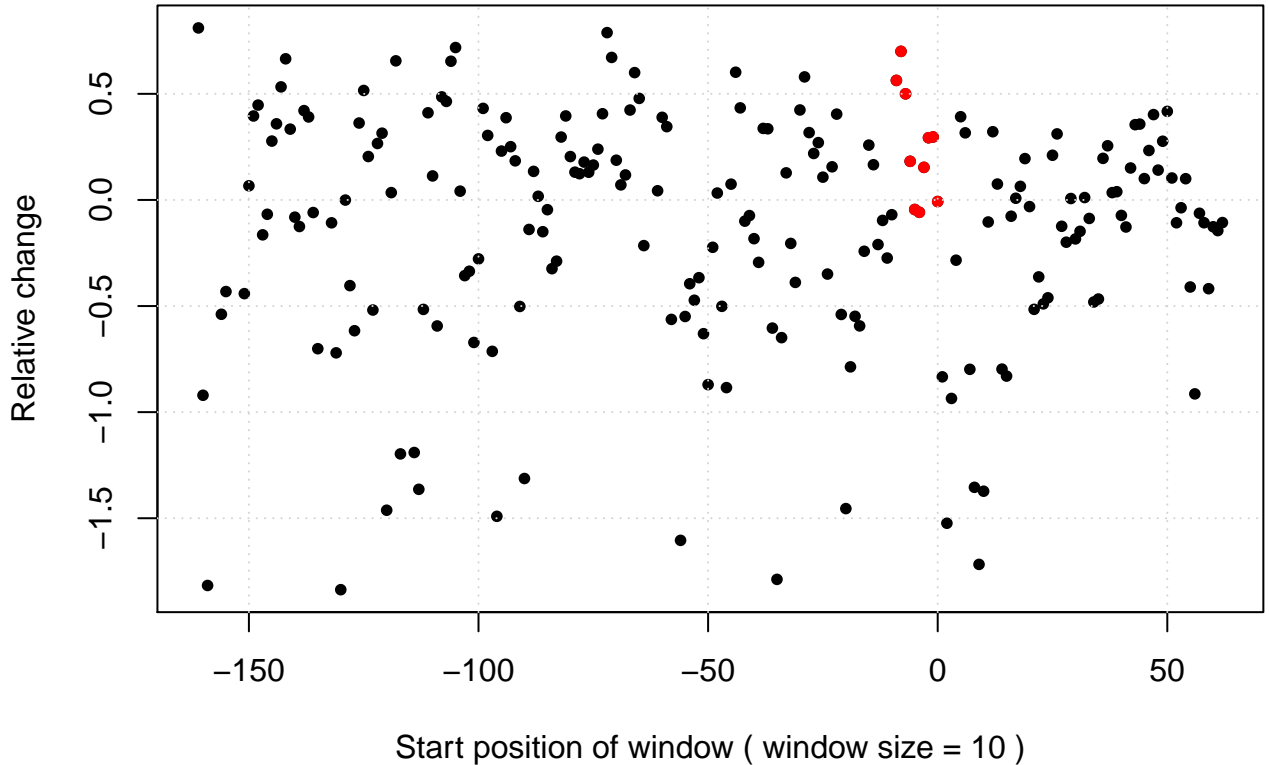

Patient ID = P04A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
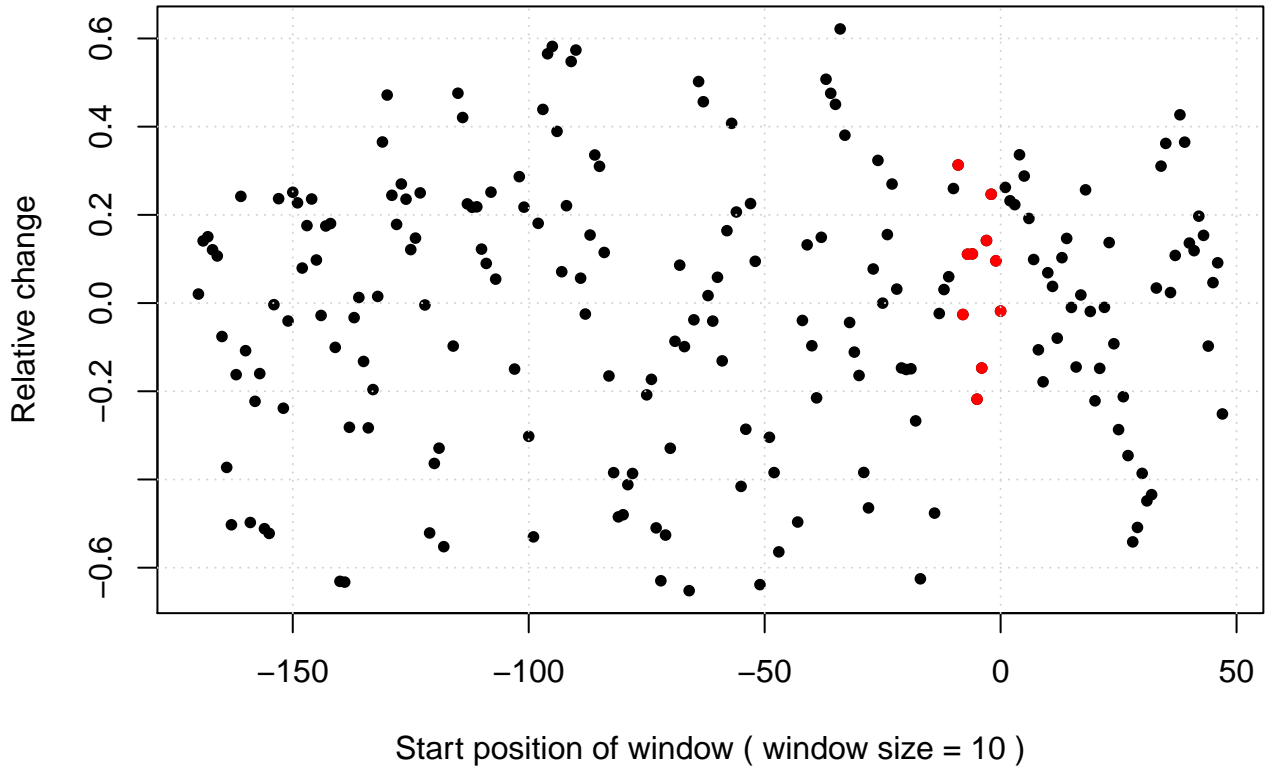

Patient ID = P05A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
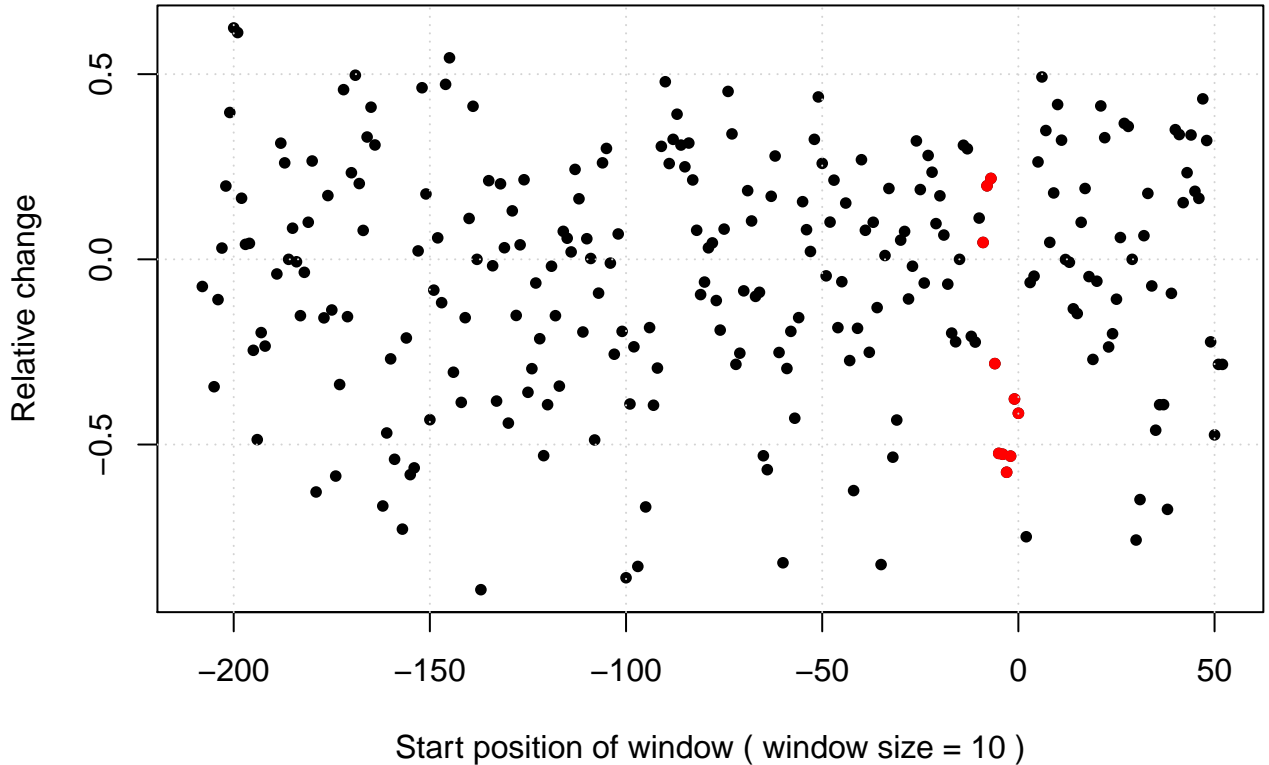

Patient ID = P06A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
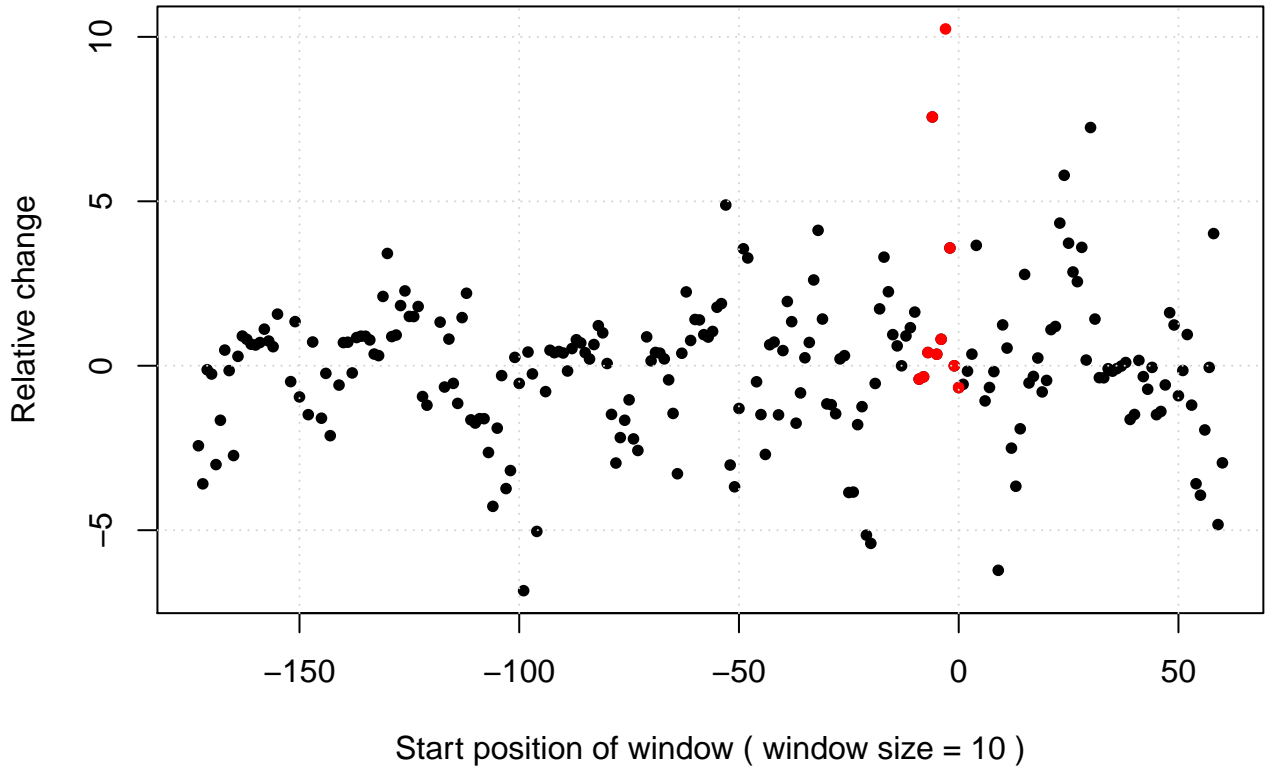

Patient ID = P07A
Biomarker = Normalized FVC

Relative change vs. Start position of window (window size = 10)
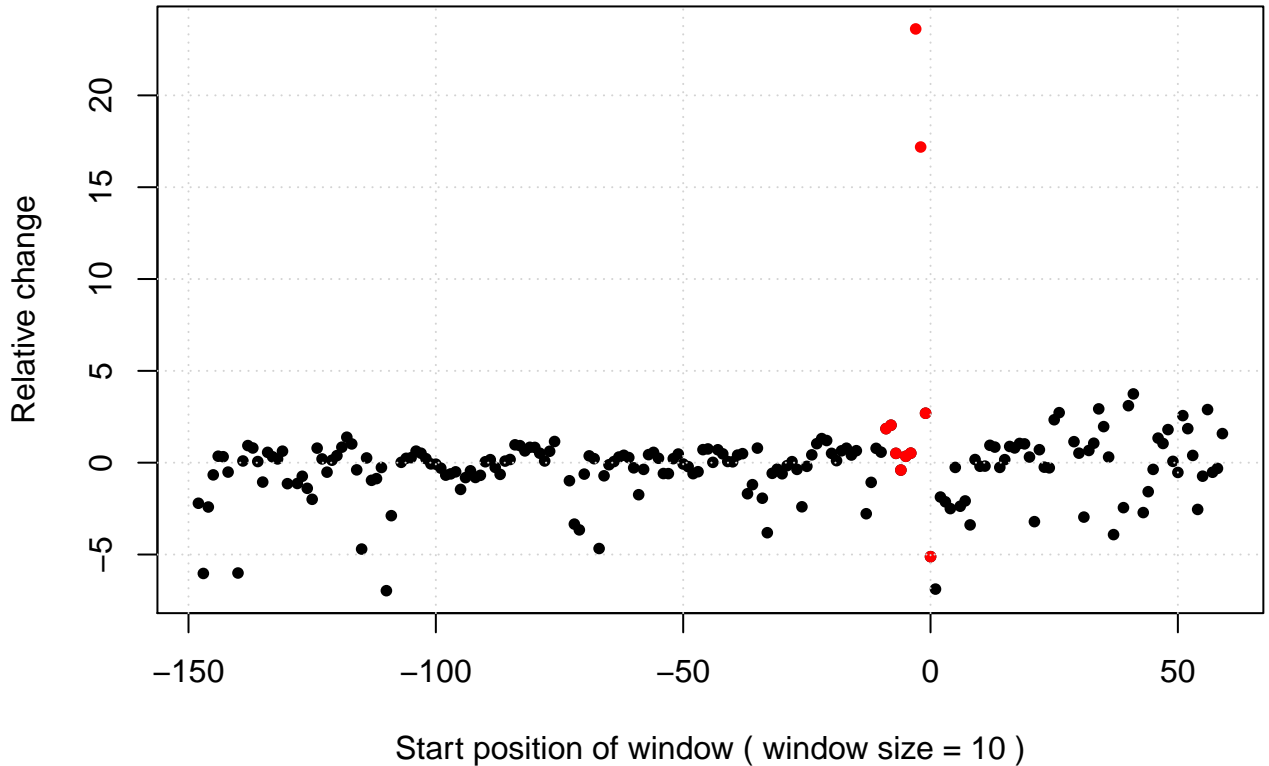

Patient ID = P08A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
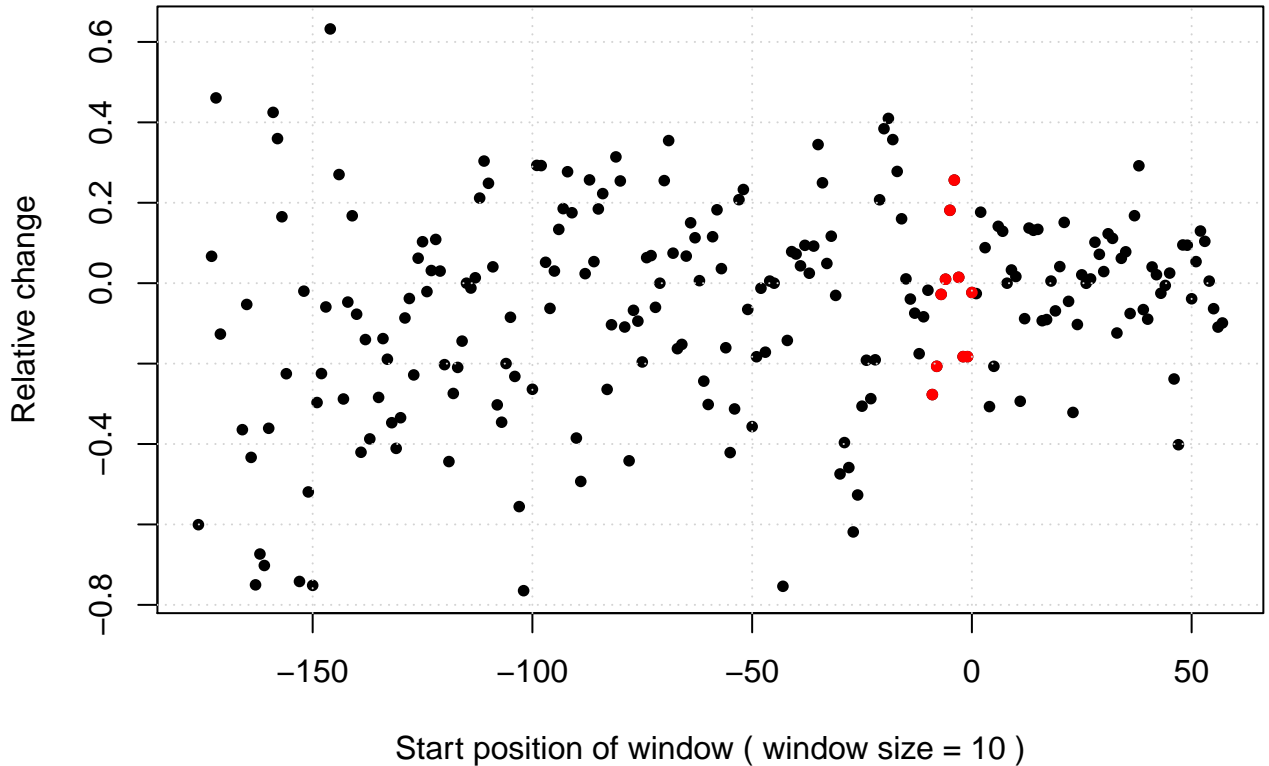

Patient ID = P09A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
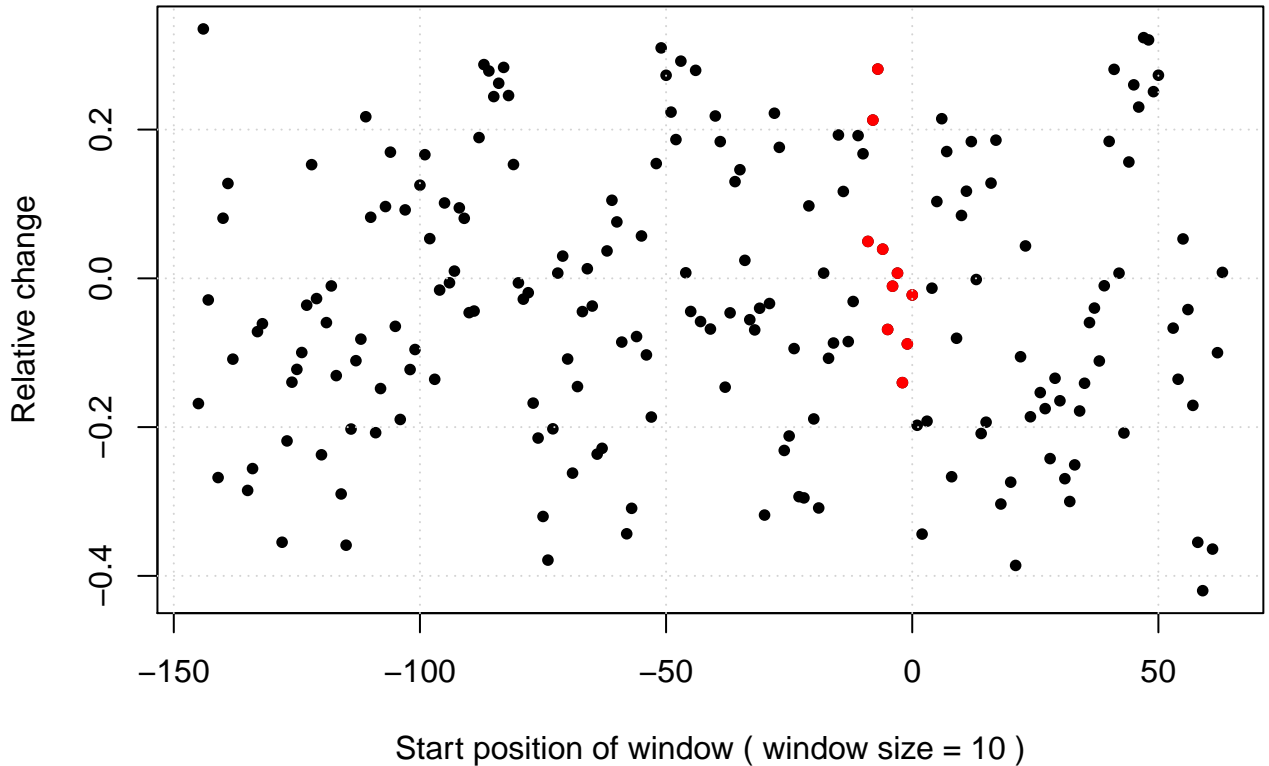

Patient ID = P10A
Biomarker = Normalized FVC

Relative change (y-axis)

Start position of window (window size = 10)
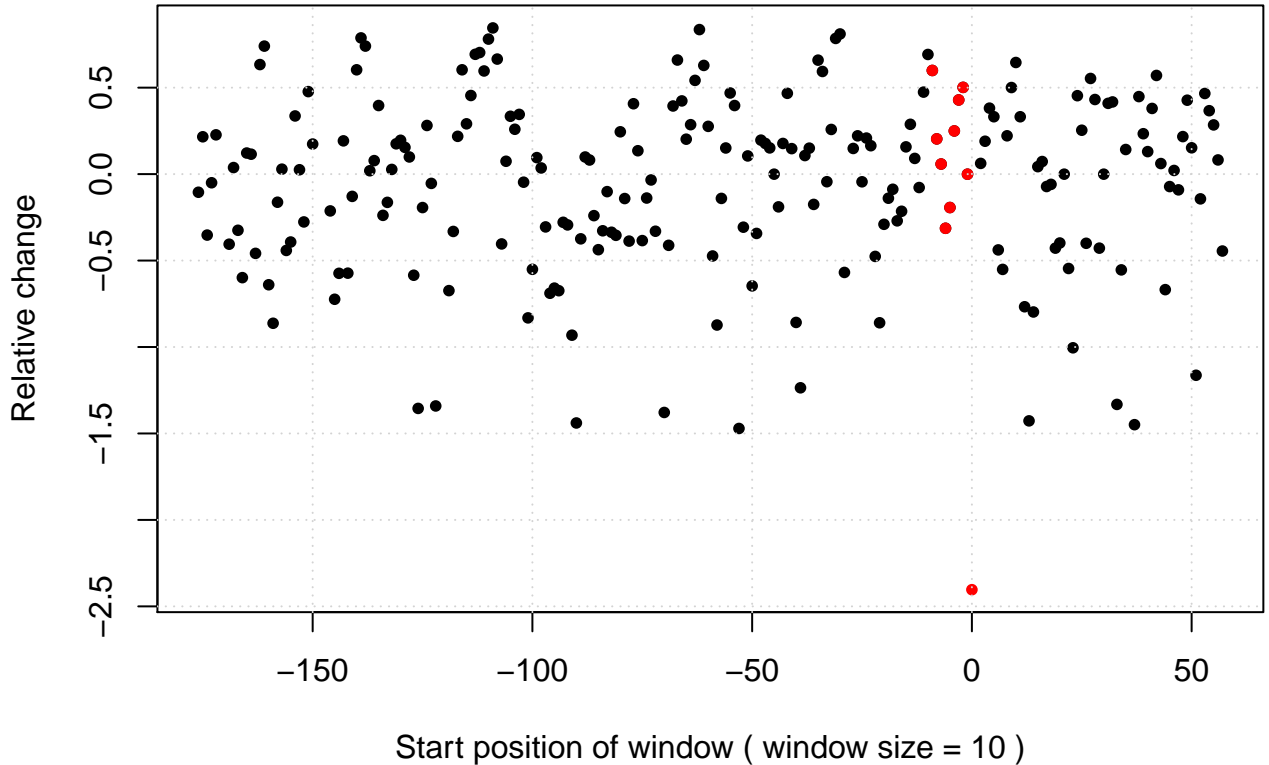

Patient ID = P11A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
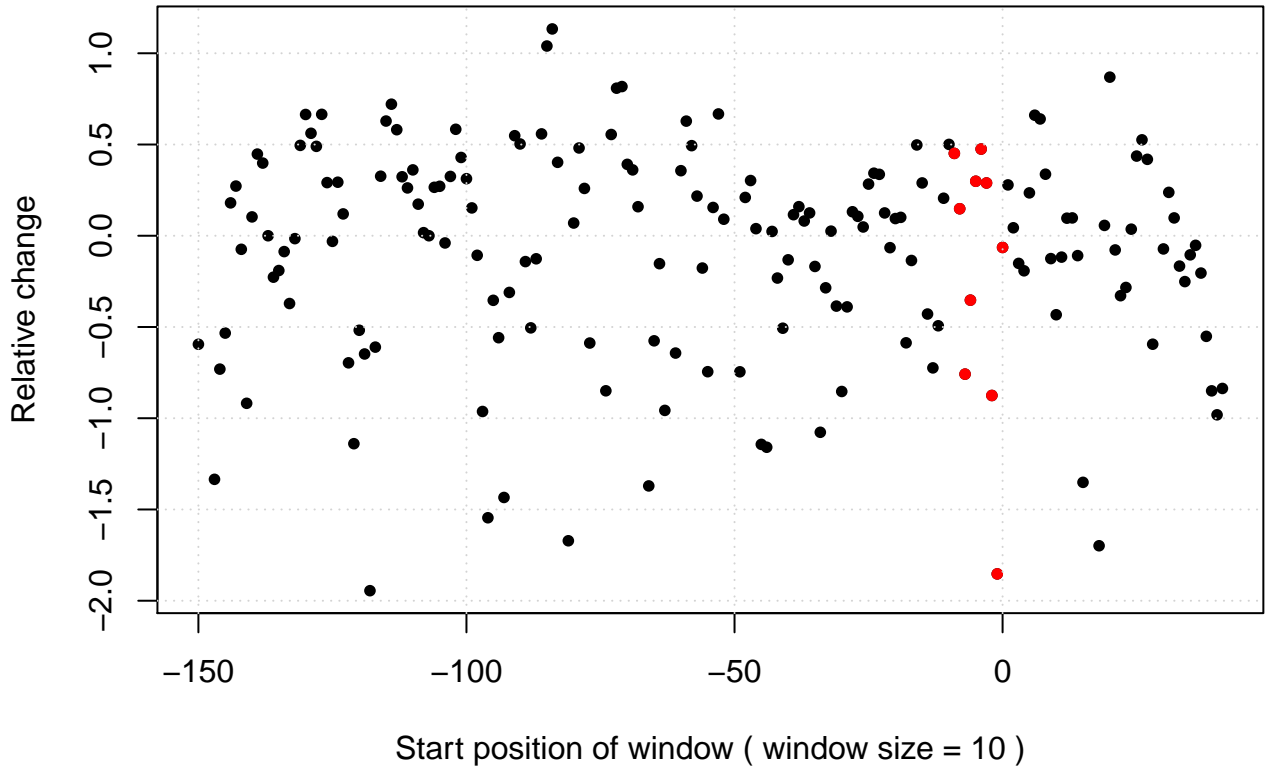

Patient ID = P12A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
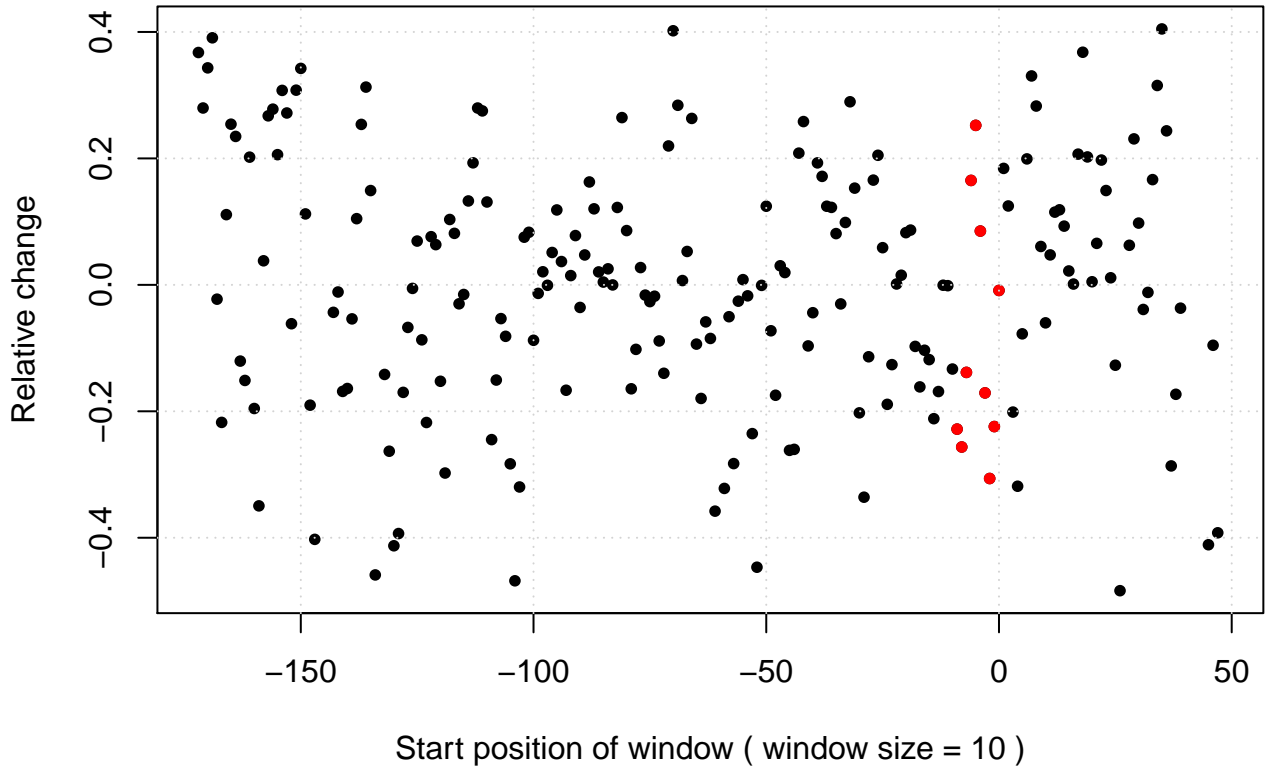

Patient ID = P13A
Biomarker = Normalized FVC

Relative change

Start position of window (window size = 10)
