

D GO Term: Biological Processes

Name	P-value
Female pregnancy	4.59E-10
Multi-multicellular organism process	1.94E-09
Reproductive process	8.33E-08
Reproduction	8.51E-08
Multi-organism reproductive process	1.81E-07
Cell-cell signaling	2.39E-05
Positive regulation of NF-kappa B transcription factor activity	4.96E-05
Positive regulation of cell population proliferation	8.75E-05
Regulation of hydrolase activity	9.19E-05
Defense response	1.16E-04
Positive regulation of DNA-binding transcription factor activity	1.58E-04
Regulation of T cell mediated immunity	1.98E-04
Amyloid fibril formation	2.21E-04
Positive regulation of T cell cytokine production	3.49E-04
Cellular response to hormone stimulus	4.64E-04
