

**A Mean CID (H3N2 1995-2004)****B SEM (H3N2 1995-2004)**

**Figure 3 - figure supplement 2. The mean clustering information distance (CID) of replicate vRNA trees.** The pairwise CID was calculated between each replicate vRNA tree from human H3N2 viruses from 1995-2004. The mean CID (**A**) and SEM of all pairwise CID (**B**) were visualized in a heatmap.
