WP5087: Malignant pleural mesothelioma
GO:0048729: tissue morphogenesis
GO:0061061: muscle structure development
GO:0032989: cellular component morphogenesis
GO:0043588: skin development
WP4541: Hippo-Merlin signaling dysregulation
GO:0007167: enzyme linked receptor protein signaling pathway
WP2064: Neural crest differentiation
hsa05200: Pathways in cancer
GO:0003205: cardiac chamber development
GO:1905330: regulation of morphogenesis of an epithelium
GO:0033693: neurofilament bundle assembly
GO:0043549: regulation of kinase activity
GO:0010001: glial cell differentiation
GO:0021537: telencephalon development
GO:0097435: supramolecular fiber organization
GO:0090066: regulation of anatomical structure size
GO:0001667: ameboidal-type cell migration
GO:0035637: multicellular organismal signaling
GO:0021915: neural tube development
