

# Ribbon Map of P-Rex1 (% deuteration)

# Ribbon Map of P-Rex1 in the presence of PIP<sub>3</sub>-containing liposomes (% deuteration)

# Ribbon Map of P-Rex1 in the presence of liposomes without PIP<sub>3</sub> (% deuteration)

# Difference Map: P-Rex1-PIP<sub>3</sub>-containing liposomes Minus P-Rex1 (% deuteration)

# Difference Map: P-Rex1–liposomes Minus P-Rex1 (% deuteration)

Blue indicates regions that exchange slower in the presence of liposomes without PIP<sub>3</sub>. Red indicates regions that exchange faster.
